Topic: Applying to Disney

Situation:

Imagine that you and your partner want to apply for a job at Disney. They are looking for an entertainment team. To apply, each team must send an email **(80 words)** responding to the prompt: “Tell us more about yourselves and your day-to-day activities”. One of you writes the first paragraph giving your and your partner’s personal information **(40 words)** and the other one writes a second paragraph with information about your and your partner’s routines and preferences **(40 words)**.

Solution:

Dear Disney Hiring Team,

My name is Carlos Gamboa. I am a software engineer from Chanchamayo. I love coding and creating new applications. I like listening to music and watching movies. I dislike boring routines and hate being unproductive.

My name is Karen Huaman. I am from Huancayo and studying industrial engineering. I enjoy solving engineering problems and going to parks. I love collaborating on projects and dislike monotonous activities. I hate working alone.

Best regards,

Carlos Gamboa and Karen Huaman
